Warning: It is usually disadvantageous to replace an existing life insurance policy or investment-linked life insurance policy with a new one. Some of the disadvantages are:

- i) You may not be insurable on standard terms or may have to pay a higher premium in view of older age or the financial benefits accumulated over the years may be lost.
- ii) You may incur penalties for terminating the existing policy.
- iii) You may incur transaction costs without gaining any real benefit from the replacement.

In your own interest, we would advise that you consult your present insurer before making a financial decision, hear from both sides and make a careful comparison. You can then be sure that you are making a decision that is in your best interest.

- 3 You should seek guidance from your financial adviser as to the suitability of the policy to your own particular circumstances. Global Portfolio should be regarded as a medium to long-term investment.
- 4 Each policy is governed by and shall be construed in accordance with the laws of Singapore.

5 Investment acknowledgement

Global Portfolio gives you an investment choice from a very wide-ranging menu of investments. Some of the funds which are available to you are classed as non-retail funds aimed at Accredited Investors. If you were investing in such a fund directly yourself, rather than through your Global Portfolio policy, you may have to declare that:

- You have read and understood the information supplied to you and understand the nature of any risks involved.
- You have discussed with your independent financial adviser whether such an asset is appropriate to your investment portfolio.
- You are eligible and able to invest into the fund and have the level of investment knowledge and experience required by the fund manager.
- You meet certain minimum financial requirements.

Please note that different jurisdictions may impose different criteria on the generally accepted definition of an Accredited Investor. Full definitions, restrictions and investor requirements can be found in each fund's prospectus/terms and conditions, which are available from the fund manager or your financial adviser. We recommend that you obtain, read and fully understand a copy of the prospectus/terms and conditions for your chosen investment.

6 Liquidity information

Some funds may have restrictions on their ability to pay redemptions due to the type of underlying investments they hold. This could limit your ability to raise cash from the fund in the future.

Investment into non retail funds should be considered a long-term investment. You, in conjunction with your financial adviser, should consider the amount you invest via your policy if it is likely that you will need access to your capital quickly in the future.

Declarations

Attention is drawn to the following declarations. Where we have asked for information that we need to assess before we can accept your application, you must disclose all facts which are material. Such facts are those which an insurer would regard as likely to influence the assessment and acceptance of a proposal. If you are in doubt as to the relevance of any particular information, you should disclose it, as failure to do so could result in you being quoted the wrong terms, a claim being rejected or reduced, or the policy being invalid.

Investment involves risk. Past performance should not be viewed as a reliable guide of future performance. Fund prices may go up and down depending upon underlying investment performance, and the value of your investment cannot be guaranteed. Investments held within a fund may not be denominated in the currency of that fund and the value of those assets can go up and down simply because of movements in currency exchange rates. All fund performance is quoted net of annual charges.

All policyholders are protected by the Life Assurance (Compensation of Policyholders) Regulation 1991 of the Isle of Man, wherever their place of residence.

Investors should be aware that specific investor protection and compensation schemes that may exist in relation to collective investments and deposits accounts are unlikely to apply in the event of failure of such an investment held within investment-linked life insurance policies.
