Directors' Report

The Board of Directors is pleased to provide you with its semi-annual report for the period from 1 January 2021 to 30 June 2021.

The Board of Directors has adopted the ALFI Code of Conduct (the "Code") which sets out principles of good governance. The Board of Directors considers that Fundsmith SICAV (the "SICAV") has been in compliance with the Principles of the Code in all material aspects throughout the financial period from 1 January 2021 to 30 June 2021.

The Board is responsible for the overall management and control of the SICAV in accordance with its articles of association. The Board is further responsible for the implementation of each Sub-Fund's investment objective and policies as well as for oversight of the administration and operation of each Sub-Fund. The Board shall have the broadest powers to act in any circumstances on behalf of the SICAV, subject to the powers reserved by law to its Shareholders. The Board delegated certain authorities to the Management Company in accordance with the SICAV's articles of association, the Prospectus and applicable law. The Management Company is responsible, subject to the overall supervision of the Board, for the provision of investment management services, administrative services and marketing services to the SICAV.

The Directors are also responsible for preparing the semi-annual report and the financial statements in accordance with applicable laws and regulations. The Directors consider that the semi-annual report and accounts provide a fair, balanced and understandable assessment of the SICAV's position and performance and provides all necessary information for Shareholders.

To date the SICAV has the following active Sub-Funds:

Fundsmith SICAV – Fundsmith Equity Fund – launched on 28 October 2011

Fundsmith SICAV – Fundsmith Sustainable Equity Fund – launched on 1 March 2021

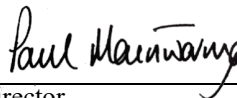

On 11 March 2020, the World Health Organization declared the outbreak of COVID-19 to be a pandemic. A continuing concern exists about the effects of this virus on the global economy and as a result of this uncertainty the valuation of assets in this report can deviate significantly from the value of actual sales of these assets. Significant corrections in the market and the increased financial market volatility in recent months could significantly affect the fund in terms of future valuations of its assets. The Board of Directors and the Investment Manager continue to monitor the efforts of government to reduce the spread of the virus and hence the economic impact on the portfolios and the SICAV itself.

There is no evidence that the going concern assumption made by the Board of Directors when preparing the financial statements of the SICAV is inappropriate.

On behalf of the Board of Directors:

N.B. The Sub-Fund is not managed with reference to any benchmark, the above comparators are provided for information purposes.

If you have been reading what investment commentators have been saying during this period you might be rather surprised that our Sub-Fund has fared so well. You might even be surprised that we are still here. Since markets started to sense an end to the economic disruption caused by the lockdowns in the final quarter of 2020 there has been a so-called 'rotation' from quality stocks, of the sort we own, into so-called value stocks and those expected to recover as the lockdowns end. In such a situation our Sub-Fund is always likely to underperform for a period, after all the companies we invest in mostly have little or nothing to recover from.

However, this inevitable blip was accompanied by lurid headlines and articles in the UK which seemed to suggest that we were in imminent danger of extinction:

'Fundsmith Equity sees run of outflows as growth stocks slide'
Citywire 19 May 2021

Followed a week later by:

'Investors 'begin to drop' star stock picker Terry Smith as GBP360m flows out of UK's largest fund'
City A.M. 26 May 2021

I realise that some commentators do not want the facts to get in the way of a good story but our performance versus the 'value' stocks and Covid recovery plots tells its own story.

You could have made some good gains by buying the value or recovery stocks at or close to the bottom, although of course this depends on getting your timing right, but if you ran the value/recovery stocks across the period of the downturn and recovery, they would still have significantly underperformed our portfolio.

There are several lessons to be learnt from this, not the least of which is that no amount of recovery or low valuation will turn a poor business into a good one and quality is the main determinant of long term performance.

Moreover, neither have we seen outflows, which the UK headlines might lead you to imagine, in the Sub-Fund. Net inflows in the first half were EUR360m and the Sub-Fund rose in value by EUR1.34 billion.

However, I am not expecting these facts to produce a change of heart amongst some commentators. As I believe former German Chancellor Helmut Kohl said, 'Nothing so disappoints deserting rats as a ship which refuses to sink'.

Returning to the more important subject of our performance, the main contributors in the first half of 2021 were:

PayPal	+1.8%
IDEXX	+1.3%
Intuit	+1.3%
Microsoft	+1.3%
Waters	+1.2%

All of these have featured in our previous tables of Top Five contributors. So much for the idea of taking profits. I suppose a theme which connects at least four of these companies is the growth of everything digital.

The bottom five detractors from our Sub-Fund's performance during the period were:

McCormick	-0.2%
Amadeus	0.0%
Brown Forman	0.0%
Intertek	0.0%
Church & Dwight	0.0%

For the period from 1 January 2021 to 30 June 2021

Investment Manager's Report (continued)

There isn't much of a theme connecting the detractors. Amadeus continues to suffer unsurprisingly as an airline reservation company and Brown Forman has been affected by the loss of travel retail and on-premise drinking. The comedown from 'pantry loading' in 2020 may also explain the performance of the consumer staples.

Our portfolio turnover was -9.85%. Voluntary dealing (dealing not caused by redemptions or subscriptions) cost EUR383,778 during the half year (0.006% or 0.6bps). The Total Expense Ratio for the EUR T Class Accumulation Shares was 1.10% and with the cost of dealing added, the Total Cost of Investment was 1.13%.

This time last year I wrote this:

We face an uncertain outlook given recent events, but 'twas ever thus. We have no crystal ball unlike the commentators who tell us that the recovery from the pandemic and resulting closure of economic activities deemed non-essential will be shaped like a V, a U, a W, a bathtub or the Nike swoosh (I'm not making this up). No one knows as the economist J K Galbraith said, 'The only function of economic forecasting is to make astrology look respectable'. However, what we know is that we have assembled a portfolio of high quality companies which have to date proven to be resilient. If you are a long term investor that is the most certain determinant of your future returns.

I am not sure I have anything to add.

Yours sincerely,

Terry Smith

Notes to the Financial Statements

1. The SICAV

Fundsmith SICAV (the “SICAV”), formerly Fundsmith Equity Fund SICAV, is an open-ended investment company incorporated under the laws of Luxembourg as a *Société d’Investissement à Capital Variable* in accordance with the provisions of Part I of the amended Law relating to Undertakings for Collective Investment of 17 December 2010 (“UCI Law”). The SICAV was incorporated for an unlimited period on 28 October 2011. The Articles of Incorporation were published in the *Mémorial C* on 14 November 2011. The SICAV changed its name to Fundsmith SICAV on 1 March 2021 and the Articles were amended with effect on 1 March 2021. The SICAV is registered with the Luxembourg Trade and Companies Register under number B164404.

The SICAV has appointed FundRock Management Company S.A. (the “Management Company”) as its management company.

As at 30 June 2021, the SICAV consisted of two active sub-funds (the “Sub-Funds”):

Sub-Fund	Currency	Launch date
Fundsmith Equity Fund	EUR	28 October 2011
Fundsmith Sustainable Equity Fund	EUR	1 March 2021

Investment Objective

The investment objective of the Sub-Funds is to achieve long term growth in value. The Sub-Funds will invest in equities on a global basis. The Sub-Funds’ approach is to be a long-term investor in its chosen stocks. They will not adopt short-term trading strategies. The Sub-Funds have stringent investment criteria which the Investment Manager adheres to in selecting securities for the Sub-Funds’ investment portfolios.

Share Classes Launched

The following share classes were launched during the period ended 30 June 2021:

2. Summary of Significant Accounting Policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied unless otherwise stated.

(a) Preparation of the Financial Statements

The combined primary statements of these financial statements (Statement of Net Assets and Statement of Operations and Changes in Net Assets) are the arithmetic sum of the financial statements of all Sub-Funds as at 30 June 2021.

These financial statements have been prepared in accordance with Luxembourg regulations relating to Undertakings for Collective Investment (“UCI”) and are compliant with the Luxembourg legal and regulatory requirements relating to the preparation of financial statements.

The reference currency of the SICAV and of each of its Sub-Funds is EUR and all the financial statements of the SICAV are presented in EUR.

2. Summary of Significant Accounting Policies (continued)

(b) Foreign Currency Translation

Transactions and Balances

Foreign currency transactions are translated into the reference currency using the exchange rates prevailing on the dates of the transactions. Foreign currency assets and liabilities are translated into the base currency using the exchange rate prevailing at the Statement of Net Asset date and are detailed in Note 8.

Foreign exchange gains and losses arising from translation are included in the Statement of Operations and Changes in Net Assets.

(c) Valuation of Investments, Assets and Liabilities

The SICAV's investments, assets and liabilities are valued as follows:

(i) Investment Securities Valuation

In calculating a net asset value, the Administrator may consult the Management Company and the Investment Manager with respect to the valuation of certain investments. Whilst there is an inherent conflict of interest between the involvement of the Management Company/Investment Manager in determining the valuation price of the Sub-Funds' investments and the Management Company's/Investment Manager's other duties and responsibilities in relation to the SICAV, the Management Company/Investment Manager will endeavour to resolve any such conflict of interest timely and fairly and in the interest of Shareholders.

The value of securities and/or financial derivative instruments which are listed or dealt in on any stock exchange is based on the last available price.

The Board of Directors of the SICAV may adjust the value of any investment if having regard to its currency, marketability, applicable interest rates, anticipated rates of dividend, maturity, liquidity or any other relevant considerations, and deem such adjustment is required to reflect the fair value thereof.

Where the value of any investment is not ascertainable as described in the Articles, the value shall be the probable realisation value estimated by the Board of Directors of the SICAV, or by a competent person, with care and in good faith.

If the Board of Directors of the SICAV deem it necessary, a specific investment may be valued under an alternative method of valuation chosen by the Board of Directors of the SICAV.

(ii) Cash

Cash at bank includes cash on hand or on deposit and is valued at its nominal/face value. Cash owed to bank is shown in the current liabilities in the Statement of Net Assets.

(iii) Assets

Assets, which include dividend income receivable, receivable on investments sold, receivable on subscriptions, prepaid expenses and reclaims receivable, are valued at nominal value unless it appears unlikely that such nominal amount is obtainable.

(iv) Liabilities

Liabilities, which include expenses payable, payable on investments purchased and payable on redemptions, are valued at nominal value.

(d) Dividend Income

Dividends are recognised on the date on which the shares concerned are quoted «ex-dividend», net of withholding tax.

2. Summary of Significant Accounting Policies (continued)

(e) Distributions

The SICAV may issue accumulation and/or income shares within each Sub-Fund. Accumulation shares do not pay any dividends whereas income shares give their owners the right to receive distributions.

(f) Total Net Asset Value

The total net asset value is equal to the difference between the total assets and the total liabilities of each Sub-Fund and the total net asset value of each share class is expressed in the reference currency of the relevant share class.

The net asset value per share is calculated as of each valuation day by dividing the total net asset value attributable to a share class by the total number of shares in issue or deemed to be in issue in that share class as of the relevant valuation day and rounding the resulting total to two decimal places or such number of decimal places as the Board of Directors of the SICAV may determine.

(g) Transaction Costs

Transaction costs are costs incurred to acquire financial assets or liabilities at market value through profit or loss. They include fees and commissions paid to agents, advisers, brokers and dealers. Transaction costs for the period ended 30 June 2021 are disclosed in Note 6.

(h) Swing Pricing

A Sub-Fund may suffer a reduction in value of its investments as a result of the transaction costs incurred in the purchase and sale of its underlying investments and of the spread between the buying and selling prices of such investments caused by subscriptions, redemptions and/or conversions in and out of the Sub-Fund. This is known as “dilution”. In order to counter this and to protect Shareholders' interests, the Board of Directors may decide to apply “swing pricing” as part of the valuation policy. This will mean that in certain circumstances the Board of Directors may make adjustments in the calculations of the net asset values per share, to counter the impact of dealing and other costs on occasions when these are deemed to be significant.

If on any valuation day the aggregate value of transactions in shares of a Sub-Fund results in a net increase or decrease of shares which exceeds a threshold set by the Board of Directors from time to time (relating to the cost of market dealing for that Sub-Fund), the net asset value of the Sub-Fund will be adjusted by an amount (not exceeding 0.25% of the net asset value) which reflects both the estimated fiscal charges and dealing costs that may be incurred by the Sub-Fund and the estimated bid/offer spread of the assets in which the Sub-Fund invests. This maximum amount will not vary even in case of change in market conditions (i.e. it will not be increased in unusual market conditions). The adjustment will be an addition when the net movement results in an increase of all shares of a Sub-Fund and a deduction when it results in a decrease.

Both Sub-Funds are in scope of swing pricing but only Fundsmith Sustainable Equity Fund applied swing price adjustments during the period. As at 30 June 2021, the Board of Directors of the SICAV did not apply swing pricing.

(i) Use of Estimates

The preparation of the financial statements in conformity with the Luxembourg legal and regulatory requirements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. The Board of Directors of the SICAV may also disclose certain contingent assets and liabilities at the date of the financial statements which can affect income and expenses during the reported years. Actual results could differ from those estimates.

3. Fees

(a) Management Fees

The SICAV remunerates the Management Company and the Investment Manager for their services out of an aggregate management fee, which is payable monthly in arrears and accrued as of each valuation day.

The annual management fee rates applicable to the share classes are expressed as a percentage of the total net assets of each share class and are specified in the following table:

Sub-Fund	T Class	I Class	R Class
Fundsmith Equity Fund	1.00%	0.90%	1.50%
Fundsmith Sustainable Equity Fund	1.00%	0.90%	1.50%

(b) Administration Fees

Northern Trust Global Services SE has been appointed as administrator (the “Administrator”) pursuant to the Central Administration Agreement. The Administrator provides the services of central administration agent, domiciliary and corporate agent, registrar and transfer agent to the SICAV.

The SICAV pays to the Administrator out of the assets of the Sub-Funds an annual fee, accrued as of each valuation day and payable monthly in arrears, for the fund accounting duties. Until 28 February 2021, the annual fee was calculated as 0.015% of the total net assets of each Sub-Fund. From 1 March 2021, the annual fee is calculated as 0.006% of the total net assets of each Sub-Fund and there is an additional charge per annum for each share class, the first two share classes in each Sub-Fund being free of charge.

The Administrator is also entitled to a fee of EUR 9,000 per annum at umbrella level for acting as the domiciliary agent.

The SICAV also pays to the Administrator the following fees for the transfer agency services:

Until 28 February 2021:

Service	Fee
Initial set up fee	EUR 25,000
Annual fee	EUR 3,000/ISIN
Subscription/redemption	EUR 25/manual; EUR 10/automated transaction
Enquiry	EUR 25/written; EUR 5/telephone enquiry

From 1 March 2021:

Service	Fee
Fund maintenance charge	EUR 2,000/sub-fund/annum
Investor maintenance fee	EUR 25/investor account/annum
Dealing fee	EUR 15/manual; EUR 5/automated transaction
Fund distribution fee per Sub-Fund up to 2 share classes	EUR 500/distribution/sub-fund

3. Fees (continued)

(c) Depositary Fees

Northern Trust Global Services SE has been appointed as depositary of its assets (the “Depositary”) pursuant to the Depositary Agreement. The Depositary is entrusted with the safekeeping of the SICAV’s assets.

The SICAV pays to the Depositary out of the assets of the Sub-Funds an annual fee, accrued as of each valuation day and payable monthly in arrears. Until 28 February 2021, the annual rates applied, expressed as a percentage of the total net assets of each Sub-Fund, were as specified in the following table:

Total net assets	Rate
EUR 0 - EUR 1 billion	0.0120%
EUR 1 billion - EUR 2 billion	0.0070%
From EUR 2 billion	

From 1 March 2021, the annual rates applied are as specified in the following table:

Total net assets	Rate
EUR 0 - EUR 0.5 billion	0.0100%
From EUR 0.5 billion	0.0075%

(d) Directors’ Fees

Mr. Garry Pieters and Ms. Sheenagh Joy Gordon-Hart receive, as compensation for their services as Independent Directors, an annual fee of EUR 30,000 each; subject to approval by the general meeting of Shareholders of the SICAV. Mr. Simon Godwin, who is a Partner of Fundsmith LLP, did not receive a fee for acting as a Director. Mr. Paul Mainwaring, who is an Officer of Fundsmith LLP, does not receive a fee for acting as a Director.

(e) Performance Fees

The SICAV is not subject to performance fees.

4. Taxation

Under current Law and practice, the SICAV is not liable to any Luxembourg tax on profits or income.

The SICAV is, however, liable in Luxembourg to a subscription tax (“*taxe d’abonnement*”) of 0.01% per annum of its total net asset value for institutional shares (I share classes) and of 0.05% per annum of its total net asset value for retail shares (T and R share classes), such tax being payable quarterly on the basis of the value of the aggregate total net asset value of the SICAV at the end of the relevant calendar quarter.

No Luxembourg tax is payable on the realised capital appreciation of the assets of the SICAV.

Dividend and interest income received by the SICAV on its investments may be subject to non-recoverable withholding or other taxes in the countries of origin.

5. Distribution Paid

During the period ended 30 June 2021, the Fundsmith Equity Fund distributed a total amount of EUR 695,040.

6. Transaction Costs

For the period under review, the Sub-Funds incurred transaction costs as specified in the following table:

Sub-Fund	Transaction costs
Fundsmith Equity Fund	EUR 775,512
Fundsmith Sustainable Equity Fund	EUR 56,329

7. Contingent Assets and Liabilities

There were no contingent assets and liabilities as at 30 June 2021.

8. Exchange Rates

The exchange rates used as at 30 June 2021 are as follows:

EUR 1 = CHF 1.09706
EUR 1 = DKK 7.43614
EUR 1 = GBP 0.85743
EUR 1 = USD 1.18865

9. Statement of Changes in the Portfolio

A statement of changes in the portfolio for the period ended 30 June 2021 is available upon request, free of charge, from the registered office of the SICAV.

10. Significant Events During the Period

The change of Depositary and Administrator from State Street Bank International GmbH, Luxembourg Branch to Northern Trust Global Services SE was effective from 1 March 2021. Additionally, the SICAV changed its name to Fundsmith SICAV on 1 March 2021 and the Articles were amended with effect on 1 March 2021.

As part of the process, an umbrella fund was formed - Fundsmith SICAV - which contains the Fundsmith Equity Fund and the Fundsmith Sustainable Equity Fund as a new sub-fund. A new prospectus was issued in March 2021.

With effect from 29 June 2021, Mr. Paul Mainwaring replaced Mr. Simon Godwin as a Director of the SICAV.

On 11 March 2020, the World Health Organization declared the outbreak of COVID-19 to be a pandemic. A continuing concern exists about the effects of this virus on the global economy and as a result of this uncertainty the valuation of assets in this report can deviate significantly from the value of actual sales of these assets. Significant corrections in the market and the increased financial market volatility in recent months could significantly affect the fund in terms of future valuations of its assets. The Board of Directors and the Investment Manager continue to monitor the efforts of government to reduce the spread of the virus and hence the economic impact on the portfolios and the SICAV itself.

There is no evidence that the going concern assumption made by the Board of Directors when preparing the financial statements of the SICAV is inappropriate.

On 12 February 2021, following regulatory approval by the Commission de Surveillance du Secteur Financier (the "CSSF") in Luxembourg, Apex Group Ltd became the ultimate controlling shareholder of FundRock Management Company S.A. and FundRock Management Company S.A. was as of this date a subsidiary of Apex Group Ltd.

There were no other significant events during the period that require adjustment to, or disclosure in, the financial statements.

11. Subsequent Events

On 8 July 2021, the European Commission decided to delay the implementation of regulatory technical standards under the new Sustainable Finance Disclosure Regulation 2019/2088 of the European Parliament and of the Council from 1 January 2022 to 1 July 2022.

There were no other significant events subsequent to the period end date that require adjustment to, or disclosure in, the financial statements.

As part of the risk-management process, the global exposure of the Sub-Funds is calculated using the relative value at risk (“VaR”) approach. The benchmark used for the purpose of the calculation is MSCI World Index. The expected level of leverage for the Sub-funds, calculated on the basis of the sum of the notionals, is 100% of the net asset value, although higher levels of leverage are possible.

VaR is calculated in the Sub-Fund currency using historical methodology with a one-year look back, 0.9950 decay, 20 day time horizon and 99% confidence interval.
