The screenshot shows the 'Policy details' page in the Friends Provident International online dealing portal. The top navigation bar includes the logo, 'Secure Mailbox (0)', 'Welcome', and a 'Log out' button. A left-hand sidebar contains icons for 'My dashboard', 'Transaction Status', 'Search portfolio', 'Document center', 'Personal details', 'Security', and 'Contact us'. The main content area is divided into two sections: 'Plan summary' and 'Broker details'. The 'Plan summary' section lists: Product (Reserve - Whole Of Life), Effective date (07-Apr-2011), Valuation currency (Sterling), and Provisional deals (No). It also shows Holding value (471,697.03), GTA account value (10,403.49), and Valuation value (482,100.52). The 'Broker details' section includes fields for Name, Address, Phone number, and Email address. Below these sections is a horizontal menu with tabs for Policies, Clients, Premium history, Holdings, GTA accounts, Provisional deals, Follow ups, Valuation report, Gain/Loss report, and Portfolio bond dealing (which is highlighted). Under the 'Portfolio bond dealing' tab, there is a 'Notice' section with a progress indicator showing four steps: 1. Notice, 2. Instruction, 3. Submit, and 4. Done. A light blue box contains the following text: 'What you should know about the online dealing portal for your Portfolio Bond. Your instruction will be processed on an execution only basis. This shall be effected on the understanding that you have satisfied yourself with the nature and suitability of the investment(s) selected and all of the associated risks.'

- Clicking the **Agree** button allows you to proceed to the next section.

This screenshot shows the 'Online dealing' section of the portal. It features a progress indicator with four steps: 1. Notice, 2. Instruction, 3. Submit, and 4. Done. The 'Notice' step is currently active. Below the progress indicator is a light blue box containing the following text: 'What you should know about the online dealing portal for your Portfolio Bond. Your instruction will be processed on an execution only basis. This shall be effected on the understanding that you have satisfied yourself with the nature and suitability of the investment(s) selected and all of the associated risks. It is your responsibility to ensure that the investments you choose within your policy are suitable, bearing in mind your investment objectives and attitude to risk. Friends Provident International Limited (FPIL) does not provide investment advice and does not approve any asset as a suitable investment. If you are in any doubt as to the risk or suitability of an investment or product you should seek advice from your financial adviser. FPIL is not responsible for any loss suffered or reduction in the value of your policy arising from your selected investment(s). The value of investments can fall as well as rise and any income from them is not guaranteed and you may get back less than you invested. Past performance is not a guide to future performance. FPIL's decision shall be final as to the acceptability of any investment into the policy fund. When investing specific cash amounts, please ensure that the portfolio contains sufficient cash in the same currency as you have instructed to invest. Failure to do so may incur overdraft charges. If there is sufficient money but in a different currency, please instruct a currency conversion (FX). If uncertain, please contact the dealing department through secure message. FPIL aim to process all correctly authorised dealing instructions within 1 day of receipt. Equity orders are prioritised with the aim of placing on a same day basis. It is recognised that this is not a guaranteed service level, however, as market unpredictability may sometimes result in high business volumes that prevent us being able to meet this turnaround. During such periods all deals are placed within 2 days. If there are any issues concerning the investment requests, authorisation, or cash balances, then the Dealing team will contact you. Contract notes detailing the trade will be issued within 2 days of receipt of confirmed trade details.' Below this text is a 'Disclaimer' section: 'Your instruction will be processed on an execution only basis. This shall be effected on the understanding that you have satisfied yourself with the nature and suitability of the investment(s) that FPIL have been instructed to make, and all associated risks. I, the duly appointed agent of the policyholder, confirm that the policyholder has the opportunity to read the offering documents for the fund to which the dealing instruction in this Dealing Form relates, where the policyholder wishes to do so, and as such the policyholder has information about and accepts the levels of risks associated with this type of investment. I further confirm that the policyholder meets the minimum criteria of a class of investor in a fund of this nature.' At the bottom of the light blue box is a green 'Agree' button. In the bottom right corner of the page, there is a red 'Proceed' button with a right-pointing arrow.

You can review the status of the instruction at any time in the 'Transaction Status' menu within your Portal account.

Your instruction will be processed on an execution only basis. This shall be effected on the understanding that you have satisfied yourself with the nature and suitability of the investment(s) that FPIL have been instructed to make, and all associated risks.
