Dear Policyholder

Notification of changes to the underlying funds of:

- 1. R128 Aberdeen Standard SICAV I Indian Equity
- 2. R143 Aberdeen Standard SICAV I All China Equity

We are writing to you as your policy holds holds units in one or more of the Friends Provident International Limited ("FPIL") investment-linked product sub-funds ("ILP mirror funds") named above.

We have received notification from the Board of Directors of Aberdeen Standard SICAV I ("Abrdn") of the following upcoming changes to the underlying funds of the ILP mirror funds. These changes will take effect from **11 April 2022** (the "Effective Date").

Abrdn, through its investment managers, has stated that it is committed to continuously reviewing its range of funds to ensure that they continue to meet client requirements as they develop and change over time. Recently, it has identified a clear increase in client focus on Environmental, Social and Governance ("ESG") issues and wider sustainability. Integrating ESG considerations is a key part of Abrdn's investment process and it is looking to make changes to the underlying funds of the ILP mirror funds to further promote the underlying funds' ESG characteristics.

Summary of changes

The underlying funds of the ILP mirror funds will incorporate negative screening based on ESG factors and societal norms. In addition, securities with the highest ESG risks will be screened out via Abrdn's proprietary ESG house score along with quantitative and qualitative inputs and asset class specific screens. Finally, the underlying funds of the ILP mirror funds will have explicit portfolio ESG targets, as set out in the revised Prospectus. A brief summary of the objectives can be seen **Appendix 1.**

From the Effective Date, the underlying funds of the ILP mirror funds will be classified as Article 8 under the EU's Sustainable Finance Disclosure Regulation ("SFDR"), changing from Article 6. Article 8 funds are those that promote social and/or environmental characteristics, invest in companies that follow good governance, give binding commitments but do not have a sustainable investment objective.

In order to comply with their new investment mandate, the underlying fund portfolios of the ILP mirror funds may need rebalancing; the costs associated with this are detailed in **Appendix 2**. Currently the underlying funds of the ILP mirror funds may use financial derivative instruments for hedging purposes only, and not for investment purposes. From the Effective Date, the underlying funds of the ILP mirror funds may utilise financial derivative instruments for hedging and/or investment purposes, or to manage foreign exchange risks, subject to the conditions and within the limits laid down by applicable laws and regulations. The net derivative exposure may be up to 50% of the net asset value of the underlying funds.

The name of the underlying fund of R143 - Aberdeen Standard SICAV I All China Equity is being updated to include the new Sustainability focus; the ILP mirror fund name will be amended to R143 - Aberdeen Standard SICAV I All China Sustainable Equity (USD) from the Effective Date.

You do not need to take any action as a result of this letter if you wish to remain invested in these ILP mirror funds.
